Re: The mystery man who is supposed to be out on the coast, Everett J. Parker, better known as Mr. "Y"

Operative went to the New Brunswick Public Library in an effort to learn through the old city directories, the address of this man when he lived in New Brunswick and searched the directories from 1920 to 1926 but could not find the name of Everett J. Parker. The nearest to it is an Ernest Parker of 59 Adelaide Ave. Highland Park, N.J.

Will continue to try to learn something of this man in and about New Brunswick.

Respectfully submitted:
